

## **2014 Park Support List**

Since 2003 the Friends of the Friends of the Hocking Hills State Park have provided financial support for educational, informational and safety programs within the park. The programs are possible because of Gifts from Friends like you! Below is a list of planned support projects for 2014

### ***Naturalist Programs***

**\$1,500**

Sweetheart Hike, Maple Sugaring, Christmas in Ash Cave, and the Grandma Gatewood Fall Colors Hike are just a few of the events with the park naturalist held in the Hocking Hills State Parks each year. Support of these programs provides snacks for participants, crafting supplies for children's programs, and meals for volunteers.

### ***Live Animal Care***

**\$1,100**

Hawks, Owls and Snakes are part of the park family. They are cared for by the naturalist and frequently come out to greet visitors during park programs and in school educational programs. The live animal care support helps them fed and their habitats maintained throughout the year.

### ***Archery Range***

**\$2,500**

Archery range with 5 static targets and 22 3-D targets is open from daylight until dark year-round. Each year the targets are replaced a section at a time to maintain vivid targets and a quality range experience.

### ***Park Safety***

**\$2,600**

Caves, Cliffs and waterfalls are the crown jewels of the Hocking Hills State Parks. These features can often be too tempting for adventurers and accidents happen. When they do the special trained rangers perform high-angle rescues with repealing ropes, harnesses, and other equipment. Maintenance of the rescue equipment is paramount in assuring the safety of the park staff and those they rescue.

### ***Campground Maps***

**\$1,000**

With 169 campsites and 3 camping cabins, Hocking Hills State Park Campground sits on the hilltop above Old Man's Cave State Park and was recently voted the favorite state park campground in Ohio! Campground maps assist campers with finding campground facilities and the trails to Old Man's Cave and Rose Lake. Each year the Friends of Hocking Hills provide the printing of over 15,000 campground maps.

***Thank you for your support of Friends of the Hocking Hills State Park!***
